## CASH AROUND THE CLOCK, AROUND THE STATE . . . PULSE

First City's Teller 2 is now part of a statewide network called PULSE. So now, you can save time and energy and also get cash around the state at any Teller 2/Pulse location. And out of all the banks scheduled to become part of the Pulse system, First City Bank is the very first to offer this service in Austin. You can now use your Teller 2 card wherever you see a Teller 2/Pulse sign throughout the state. Customer's of other banks that are part of the Pulse system, can use their automatic teller cards at any First City Teller 2 location.

There will be different types of Pulse machines, that perform different functions. While machines do look different your card will be able to work in all of them once the Pulse system is tied in with other banks. The operation of the machines is basically the same from one type to another. Each machine will give instructions to assist the user.

Pulse will give you quick access to your money in hundreds of locations throughout the Southwest. With Pulse you can:

- Withdraw cash from checking, savings, or NOW account.
- Transfer funds between accounts.
- Check your balance.

So if your in Houston or even Dallas and you need a little extra cash just use your Teller 2 card at any Teller 2/Pulse location any day of the week, any hour of the day.

C.D. HOTLINE . . .

Now customers can hear up-to-the-minute interest rates for First City Certificates of Deposit and other money market certificates by dialing 473-4442.

This new service means that we're continually compiling and recording money market activity and making it available to customers to assist them in timely decisions.

Just a dial away customers can hear accurate interest rates. So pass the number 473-4442 to our customers and let them hear it for themselves.

WITH YOUR HELP . . .

First City Banker would like to sincerely thank all who participated or tried to participate in the First City Blood Drive. Many units of every blood type are needed daily and the 53 units of blood that were donated was especially needed at this time.

It is estimated that patients in the 25 Central Texas hospitals will need over 36,000 units of blood in 1982. Our bank plays a very important role in sponsoring these drives and because of your help our blood drive was a big success.

If there are any questions concerning the blood drive, please call ext. 4714.

WELCOME . . . We would like to welcome the following new employees to First City Bank. These employees joined us during the first half of March.
