HOOK UP WITH CASH ON CAMPUS . . .

Have you heard the news? We've just opened up two new Teller 2 locations. One in the Texas Union and one in Jester Center on the University of Texas campus.

Students and faculty can enjoy the convenience of Teller 2 without leaving campus. And since Teller 2 is part of Pulse, a growing statewide network of automatic tellers, students and faculty can take advantage of these locations even if they have an out-of-town account. So if they happen to be a automatic teller card holder they can take advantage of Teller 2 on campus or around the state if their financial institution is a member of Pulse.

First City is reaching further - doing more for those who bank with us and even those who don't. We're the first to offer Pulse throughout the state and the first on campus.

Be sure and look for the newspaper ads that will begin the fourth of May.

Remember . . . Teller 2 and Hook'em Horns no place but Texas.

SOMEONE SPECIAL . . .

First City Banker is proud to announce that Grindl Carrington was voted "Most Outstanding" VOE student in the Austin Independent School District. Grindl was 1 of 45 students nominated for this prestigious award. Grindl has been employed at First City, as an assistant file clerk in the Trust Department, for nearly a year.

CONGRATULATIONS !!!

ACTION FOR SURVIVAL

CPR . . . what is it? CPR (Cardiopulmonary Resuscitation) is the only way to save the life of someone whose heart has stopped. Basic CPR is a simple procedure, as simple as A-B-C, Airway, Breathing and Circulation. To learn it properly, you should take a CPR class. It is advised that one member of every family participate in a CPR class.

First City Bank offered to you in mid April a CPR class and the response was overwhelming. Twenty-five were able to attend the class, which was conducted by the Texas Nurse Association. We hope to offer another CPR course in the near future.

First City Bank is proud to offer a course that is so informative and worthwhile to you the employee. We hope in the future to offer other classes that you can take advantage of.

MOVING ANYONE?

In case you haven't looked around the bank lately, some departments have relocated their offices. Lots of dust has been flying on several floors . . . due to department expansion or to ready the space for a department transfer.

Accounting is now located on the 6th floor and this new area gives them the added space they've needed. Customer Support is now located on the 4th floor - which is convenient to Data Processing. Marketing has increased in size and has moved to their spacious offices located on the 10th floor. Personnel is undergoing an expansion and the Vault recently had a facelift which gives their area more growing room. A new department has been added to the 7th floor - Credit Administration which is headed by Melvin Guidry.

If you have the time stop by one these areas . . . you can probably talk them into showing you around.
