Austin Drug and Alcohol Abuse Program, Inc.

"A Proven Alternative For Young People and Parents."

The Austin Drug and Alcohol Abuse Program, Inc. (formerly Palmer Drug Abuse Program) is a fellowship of young people and parents who have joined forces to solve common problems associated with drug and alcohol abuse.

On May 1, 1984, First City National Bank of Austin hosted an early-morning breakfast on behalf of A.D.A.P. This breakfast kicked off the three-day fundraising campaign. There were approximately 200 individuals on hand to offer their support in this effort.

Our bank's team included **Jim Arth**, Private Banking; **Shannon Boggus**, Marketing; **Wanda Burnette**, Private Banking; **Peggy Buxkemper**, Corporate Banking; **Robert Byers**, Trust; **Doug Danforth**, Private Banking; **Gary Fowler**, Private Banking; **David Goertz**, Private Banking; **Lutie Little**, Great Expectations; **Janet Nash**, Cash Management; **Jerri Sapp**, Trust; and **Larry Wilkinson**, Private Banking.

Having competed with other financial institutions, First City took second place raising \$3,800. The campaign raised over \$26,000, and with the help of these dollars, the program can continue to help those individuals who have drifted into hard times.

Moving To . . . Austin

Pressley Jones

First City National Bank of Austin would like to introduce you to Pressley Jones, senior vice president in our Commercial Banking Division. Pressley has 14 years of diversified experience in lending and operational areas of banking. He was formerly with First City National Bank of Houston where he served most recently as vice president and group manager of a metropolitan lending group which specialized in the construction industry. He is a graduate of The University of Texas and holds a B.B.A. in management.

When asked about his move to Austin, Pressley commented, "I told myself that when I moved to Houston, I would be back in Austin within two years; well, it has taken me ten years, but I'm certainly glad to be back."

We at First City would like to welcome Pressley and his wife, Deborah, to Austin and to our bank. We wish him much success in his career at First City National Bank of Austin.

Take Note

Many of you have taken the Emergency Response Training session offered by Stewart Oxygen Service. The training provided us with key pointers regarding the proper handling of an emergency situation until medical help arrives. More than once you have probably contemplated how you might react should an emergency situation arise. During an emergency, every second that ticks by could mean a second closer to critical problems. What you do before medical help arrives can make the difference between a chance to live or no chance at all.

Approximately 200 individuals have taken the Emergency Response Training course and 102 have taken the Cardio-Pulmonary Resuscitation course offered at First City. If you are one of those trained individuals, it would be helpful if you let others know in your area. Should a situation arise, you could be the person who makes the difference.

In case of an emergency, **oxygen should never be withheld from any victim**. With the oxygen emergency inhalator, you have the simplest and safest emergency oxygen device available. It was purposely designed so that anyone can administer emergency oxygen without the risk of making mistakes or harming a victim.

The inhalator is pre-set to deliver a safe level of oxygen, and is completely automatic. The oxygen emergency inhalator should be used for a victim who is breathing on his own power.

Take Note . . . this valued piece of equipment is located in the stairway on the following floors: Plaza, 3rd, 6th, 9th, 12th, and 15th.

Also, there is an inhalator on the 9th floor of First City Centre and at both the East Drive-Thru and West Drive-Thru locations.

Moving Up

John C. Scurlock, chairman of the board, and Jack A. Collins, president, of First City National Bank of Austin have announced the following promotions and appointment:

Marianne Jackson has been promoted from trust administrative officer to assistant vice president.

Bill Lierman has been promoted from real estate loan officer to assistant vice president.

Debbie Seidenberger has been appointed to operations officer.

Congratulations to these individuals for their hard work and dedication to First City. Good luck with your new opportunities and responsibilities.

Adopt

School Days . . . School Days

The school year is winding down and the children are making plans for the Summer. First City has played an active role during the past seven months with our adopted schools, and we have a lot of people to thank in making our efforts as successful as they have been. We're not packing away the pencil and pads yet . . . this Summer the Adopt-A-School Steering Committee will be making plans for the coming school year.

The Adopt-A-School program has proven to be a huge success, having paired 50 organizations with 54 schools. First City is leading the way through its support, not only through dollars, but with people. At this time, we would like to acknowledge those individuals who in one way or another have made their attempts to strengthen the relationship with our adopted schools, an effort that we can all be proud of.

Speakers' Bureau

Mary Ann Ates, Check Order; **Abbie Daly**, Human Resources; **Vickie Johnson**, Operations; **Janie Lara**, Bookkeeping; and **Elsa Lopez**, Customer Service, spoke in May to the 6th grade girls of Zavala Elementary.

These ladies talked with the students about the importance of staying in

school, employment possibilities, and different opportunities that are available to them. They also talked with them concerning some of the basic skills they would need to possess in order to pursue a career.

t-A-School Update

Reflections

Most recently, First City was involved in two separate events with one of our adopted schools ... an Easter outing for 63 Zavala Elementary kindergarten students and the Zavala track meet.

Easter Outing

The morning was spent at the bank touring the lobby, safekeeping area,

mailroom, and the vault. Then it was on to Zilker Park where we met a six-foot bunny rabbit.

Before lunch, the children scattered for an Easter egg hunt, and after lunch, it was time to bring out the cascarones (eggs filled with confetti).

This was truly a wonderful way to spend a lunch hour.

Track Meet

Two days of activities were planned, from tug of war to meter runs to jump rope. First City was out on the field either participating in activities or serving as the cheering section. Our First City sports enthusiasts got a taste of pure fun and probably a few sore muscles.

Easter Outing

Gary Fowler, Private Banking, was in the right place at the right time as one of the children cracks a cascaron over his head.

Jim Arth, Private Banking, is surrounded by a few admirers.

Kid at heart! Gary Fowler is tackled by several children with cascarones.

The Bunny Rabbit was a real crowd pleaser.

Jon McDonald, Commercial Lending, was one of the most popular kids at the park.

Track Meet

Here's some of the First City enthusiasts ready for action at our Track and Field Day at Zavala Elementary.

During the jump rope competition, Lauretta Rock was putting it in high gear.

Who's the man behind the shades? It's Ed Piner ready to lend a helping hand.

Appointed To . . .

The AIB/Austin Board of Governors elected new officers at the April board meeting which was held at First City National Bank of Austin.

Jack Collins, president, and **John Oncken**, executive vice president, of First City will be serving on the newly-formed board of directors.

Sharon Adamcik, Private Banking Division, has been appointed as representative coordinator. As coordinator, Sharon will be responsible for receiving suggestions for seminars and courses to be offered. She will also be working with all AIB bank representatives throughout the city giving them advice and direction.

Congratulations!

We've Moved . . .

The Marketing Division, which consists of Dave Carroll, Shannon Boggus, Bobbie Collins, Margie Vallejo, and Janet Waldeier, has moved to the tenth floor of First City Centre. Telephone extensions have remained the same.

Tidbits!
