A Message from the Chairman

Christmas is a wonderful time of the year. It is a special celebration for the Christian world and also a time we can stop for a few moments to reflect over the year coming to a close.

A special thanks to each of you for your individual commitment to keep us as a premier banking organization in Central Texas. Along with this, the many personal and financial contributions you have made to help our community are also really appreciated.

Our volunteer programs throughout the bank during 1986 have been very meaningful for me and I look forward to even a stronger commitment in 1987. Serving others strengthens ourselves and our organization.

I take great pride in both our accomplishments here at First City and in each of you. I wish you and your loved ones a Joyous Holiday Season and a Happy 1987.

John Scurlock

"GOOD NEWS NUGGET"

Vicki Houston, Programmer in Data Programming, has been selected to be listed in the "Who's Who Among Students in American Junior Colleges." Vicki has been following a liberal arts curriculum at Austin Community College as well as being an active student in AIB*Austin. Vicki is the first AIB*Austin student to be so recognized.

CONGRATULATIONS!!!!

Merry Christmas

In the spirit of the season, First City employees gathered together to celebrate Christmas. Wednesday afternoon the 15th Floor was full of the sounds of Christmas cheer. Ernie Mae Miller played everyone's favorites on the piano and delicious refreshments were plentiful. We hope all of you had a chance to stop by and partake in First City's Christmas Open House.

TWO TO CELEBRATE 30 YEARS OF SERVICE

★ Within a month of each other, in 1956 & '57, Booker Hicks and Bernice Jezisek joined City National Bank of Austin. They are now celebrating 30 years of service with the bank.

Booker Hicks, AVP & Manager of Commercial Loan Operations, joined the bank December 28, 1956. Booker started out as a Mail Runner, later assuming the duties of Teller, then Commercial Note Teller and eventually advancing to his current position. Booker says, "Working for the bank has been a tremendous learning experience and I am fortunate to have worked with a number of great people."

★ Bernice Jezisek, Balance Control Clerk in Bookkeeping, will celebrate her 30 year anniversary January 17. In the early years, Bernice worked not only in Bookkeeping, but in Customer Service, New Accounts, and Proof. She recalls when the bank occupied one story and employed 25 people. Her most vivid memories are those of the installation of the computer system in Bookkeeping. During the conversion several functions were housed in different locations making communication difficult. Bernice has seen a great deal of change over the years and is confident about the future. Her only complaint: not knowing everyone by name.

Doug Danforth, Chairman of the Study Buddy Committee for Adopt-a-School, reports that the Program is off and running with some very positive results!

For the last several weeks Doug and other members of a pilot group have been working with children from Zavala Elementary School. The pilot group consists of five people, Karen Crooks of Credit Administration, Sandy Dunn of Credit Operations, Cindy Gatlin of Corporate Services, Elsa Lopez of Customer Service, and Doug Danforth of P&E Banking.

According to Doug, the system is working well and the work with the children is very rewarding. Also, the teachers have commented that the children are excited about the help they are receiving and it shows in their work.

Now that the groundwork has been laid, Doug says they are ready to expand the Program. Many more children can use this extra academic boost to help them in school. Contact Doug about your involvement in the Program at extension 4772.
