IRA *plus*

Dick Zinser, SVP and Director of Marketing, reports that the IRA Plus campaign was a huge success! Our original goal of a 7% increase in IRA deposits was surpassed by more than 5 percentage points. At the close of the campaign we had achieved a 12.8% increase in IRA deposits. And that number is still on the rise. According to

Dick, we have an excellent chance to double our goal by the end of the year. He attributes the success of the campaign to the quality of our product and the overwhelming cooperation and participation among First City employees.

The winner in the IRA Plus Give-Away was Rebecca Coy of Funds Control. Her name was drawn from the group of employees who sold an IRA Plus Account. She won a Technics Compact Disc Player.

While the official IRA season is over, Dick emphasizes that there are many qualified IRA customers still out there, so keep your ear to the ground and don't miss an opportunity to sell another IRA.

In Memoriam . . .

We are sad to report the sudden death of Roy Edwards on Saturday, April 11. Roy joined FCNB-Austin in September 1983 as a Teleprocessing Analyst in Network Control and was highly regarded by his colleagues. He will be missed.

At a luncheon in April, several First City volunteers were honored for their outstanding contributions to the volunteer effort in Austin. The Volunteer Center along with Austin in Action recognized 19 area companies and their employees.

Bob Cole, Program Director for KKMJ-MAJIC Radio, introduced each of the 19 companies and highlighted their accomplishments. Rita Clements, First Lady of Texas, gave the keynote address.

Austin in Action works in tandem with the Volunteer Center to promote volunteerism in the Austin area. The Volunteer Center acts as a clearinghouse for volunteer efforts in the community.

The Casis Elementary School Science Fair, held early in April, was quite an experience as Lana Tangum, VP in Data Operations, reports:

The Casis Science Fair was a real eye opener. Those kinder, 1st, 2nd, and 3rd graders did myriad projects from erupting volcanoes to heat production by electrical resistance to several wondrous collections of Texas's spring wildflowers. The students, teachers, and friends thoroughly enjoyed the exhibition of all class projects. The parents provided multifaceted support, of course! Thanks to Kit Coman-Finance, Kay Scott-Human Resources, Cindy Gatlin-Corporate Services, Bonnie McKinstry - Real Estate, Karen Ponish-Credit Analysis, Carolyn Hand-Trust, and Lynn Reed-Safekeeping, for joining in the fun! In fact, we're not sure who had the most fun--right, ladies?
