The 26th birthday of the Austin Aqua Festival is just around the bend and while pre-festival events have been going on throughout July, the Festival itself kicks off next Friday. Aqua Festival events take place all day long at many locations all over the city, but Fest Nights take place at the Fest Grounds located on Town Lake at Auditorium Shores from 6:30 p.m. until 1 a.m.

Highlights of Fest Nights are the non-stop musical acts that perform on the three stages each night during Aqua Fest. On Sunday, August 2, Kenny Loggins will perform on the Miller Lite/KVET KASE 101/KLBJ-AM 590 Center Stage. Delbert McKlinton will perform on the Minute Maid/KLBJ-FM 94 West Stage on Saturday, August 8, and that same night Rusty Weir will perform on the Coca Cola/KVET KASE 101 East Stage. These are but a few of the acts that will appear at this year's Aqua Festival.

Be sure to purchase your Skipper Pins by July 31. Skipper Pins give you discounts on admission to most Festival events. They cost \$3.00 and are available in the Bank lobby.

Parking is available at the Auditorium and Coliseum parking lots for \$3.00. Shuttles will run every 10 minutes from the Fest Grounds to Austin High School and the state parking lot at 16th and Brazos.

The First City Advantage CD was designed to meet the needs of our customers, and it appears to have done just that! As of mid-July we had more than \$1,500,000 on deposit. Remember: it is available to individuals and sole proprietorships only and can be opened for as little as \$1,000. The biggest advantage of all is now, for the first time, customers don't have to worry about being penalized for getting to their money when they need it (once every ninety days). No other bank

Runaways need help

Following the discovery of the dead bodies of 27 youths in the Houston area in August of 1973, Governor Dolph Briscoe instituted a hotline service. This service provided an anonymous means for young runaways to let their loved ones know they were

alive. Initially called "Operation Peace of Mind," this service is now known as the "Runaway Hotline."

The Hotline is a toll-free nationwide service for runaway children, operated by volunteers 24 hours a day, 365 days a year. One such volunteer is Ed Piner, SVP in Corporate Services. According to Ed this volunteer work is highly rewarding. You actually talk to runaways or potential runaways on the phone. He emphasizes that this is not a clearinghouse to put parents in touch with their kids, but rather a way for runaways to let their families know that they are okay. Ed says the most important quality for a volunteer is to be a good listener. As you might imagine, training for this type of volunteer work is extensive. In addition to a number of hours spent role playing in training sessions, you apprentice with an experienced volunteer before you're totally on your own.

If you are interested in finding out more about this volunteer opportunity, contact Jennifer Reid at the Governor's Office of Community Leadership at 463-1980, or give Ed a call at extension 4455.
